Re: Natrol, Inc.

Dear Sir or Madam:

I am the General Counsel of Natrol, Inc., Chatsworth, California, a manufacturer of dietary supplement products (hereafter "Natrol").

On behalf of Natrol, and pursuant to the requirement of Section 6 of the Dietary Supplement Health and Education Act of 1994, 21 U.S.C. §343 (c) (6), your Agency is hereby notified that Natrol proposes to make statements of "nutritional support", as described in 21 U.S.C. §343(1)(6)(a), for its dietary supplements as follows:

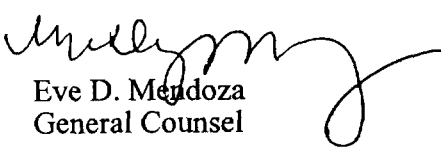

- (1) OREGANO: Oregano is a well-known herb used in cooking and has recently been recognized for its numerous health benefits that help support the respiratory and digestive systems.
- (2) FEVERFEW: Feverfew is among the select group of botanicals consistently recommended by traditional health-care practitioners. Feverfew inhibits the production of substances called prostaglandin in the body. Feverfew remains positive, complementary part of many health support programs.

Please be advised that the label of each of the above dietary supplement products includes the statement that "The FDA has not evaluated these statements. This product is not intended to diagnose, treat, cure or prevent disease."

If you have any questions regarding the foregoing, do not hesitate to contact the undersigned at your convenience.

Sincerely,

NATROL, INC.

Eve D. Mendoza
General Counsel
